The council has previously acknowledged that associations with and membership of other organisations might on occasion be pecuniary in nature but felt those to be incidental to the member's council role rather than of pecuniary advantage or disadvantage to the member, that the roles would not conflict, and that members would put their statutory duty as duly appointed members of the council as priority in any decision-making process.

- d) A draft recommended Equal Opportunities policy had been circulated in advance of the meeting. This was rejected as being unsuitable for Nassington Parish Council because it is too wide ranging, whilst missing some important identities by being too specific – it does not allow for the mercurial and dynamic societal potentials of modern Britain. The council will prepare a pared down version of the policy that will be more inclusive in its approach.

There were none.

24.2420. Planning and Development:

Neighbourhood plan update. No responses had been received following the decision in April that members would submit any proposed amendments to the clerk regarding the latest version of the plan. It was taken that the council approved of the plan and concurred with the consultant's suggestion to reduce the Open Space where one of the allocations would otherwise cut into it. The aim is still to host space at the August bank holiday garden show to publicise the plan, as part of the Regulation 14 process. The SEA process is in progress.

- a) Insurance: Insurance renewal documents had been circulated in advance of the meeting. insurable risks considered – it was confirmed that cover to be provided on the 3 year long term agreement is adequate. 24.2423. Community / Projects

Following a meeting of the allotment committee, the following point were noted:

- Permission will be granted for small items of children’s play equipment on individual plots on the understanding that this is at plot holders’ own risk and that the equipment must be put away while the plot is not in use.
- It transpires that an allotment holder who the council issued with an eviction notice to quit in 2022 had not actually done so, although the parish council was not aware of this state of affairs. The allotment holders on the allotment committee advocated for this person and requested that the council reconsider its position. It was agreed that the person in question would be permitted to keep the two half allotments that he failed to vacate, on the proviso that it is cleared of all detritus and used in accordance with the contract.
